

User 1: Johnny Appleseed, local farmer, 43 years old

He wants to know the process he has to go through to get into the farmers’ market that happens every tuesday afternoon that goes on at cold spring park. He wonders if there is a form he needs to fill out? Does he need to get in contact with someone? Does he need a permit to sell his fresh produce?

User 2: Ben and Jerrie, couple, 25 years old

They own three dogs and want to know where the dog park is within the park. They just moved to the area and found out about it. They are looking for a trail map because they don’t know how to get there from the parking lot or if there is an entrance closer to their house. They also want to find out about any rules or regulations about the off-leash dog park so they can conduct themselves accordingly.

User 3: Bonnie, soccer mom, 37 years old

Wants to know when all the games are being played so her kids can be there at the right time and so she can schedule them in to her calendar. Also, the tennis courts are busy a lot so she wants to know when she can go and have a court free.
